PROGRAMS

2016 OFFERINGS

CSI South Bend

July 11-15 from 9am-12pm

Want to solve a crime using the latest forensic science? In this class, students will play detective by learning how to analyze key pieces of evidence like fingerprints, blood-spatter, handwriting and DNA.

Selfies Forever!

July 11-15 from 1pm-4pm

Did you know that the “Selfie” dates all the way back to cave paintings? Students will explore the many ways that people represented personal identity and express themselves through a range of different media—from painting and photography to collage and diary-keeping.

Make a Scene!

July 18-22 from 9am-12pm

Students will restage a scene from a popular movie to learn about visual storytelling and the many roles involved in bringing a movie to the silver screen, from actors and directors to cinematographers and set designers.

Seeing Green

July 18-22 from 1pm-4pm

Students will learn to identify and address sustainability issues through a range of activities, such as touring LEED certified buildings, contributing to the campus Unity Garden, creating recycled art, and meeting area youth engaged in local climate change policy activism.

WHAT IS STEPs?

STEPs is an activity-centered summer program for high school students entering **grades 9-12**. Taught by IU South Bend faculty, each of our one-week intensive learning “camps” introduces students to a different area of college study through lively, hands-on projects. All camps are limited to 15 students to ensure maximum engagement with our faculty.

REGISTRATION

Registration for each program is \$125. There is also an optional lunch between camps for an additional fee. A reduced rate is available for students with financial need.

To register for one or more STEP camps, visit www.iusb.edu/das/steps. Registration begins March 15, 2016.

For more information, contact **Lee Kahan**, Associate Dean of the College of Liberal Arts and Sciences, at 574-520-4267 or lkahan@iusb.edu.
